MINISTRY OF DEFENCE

New Delhi, the 7th February 1953

S.R.O. 48.—An examination for admission to the joint Services Wing of the National Defence Academy for the 11th Course commencing in January 1954 will be held by the Union Public Service Commission at Allahabad, Bombay, Calcutta, Delhi, Jullundur, Madras, Nagpur and Patna some time in June 1953.

2. At the Joint Services Wing, cadets of all the three Services will receive combined training for a period extending over two years. The training will consist of two parts; about 3/4ths being of an academic nature consisting of subjects like English, History, Mathematics, Science, Geography, Modern Languages, Workshop practice, Civics, Economics and Current Affairs; and about 1/4ths Service training which will include subjects like P.T., Drill, Weapon Training, elementary Fieldcraft, Organisation and administration of the three Services, map reading and Equestrian. All cadets whilst under training will be required to take part in games and recreational training every day.

3. Admission to the Joint Services Wing of the National Defence Academy will be made through an examination to be conducted by the Union Public Service Commission followed by an interview by a Services Selection Board.

4. The approximate number of vacancies to be offered for entry into the Academy as a result of this examination will be 221. This is only a provisional estimate and is, therefore, liable to vary.

Candidates should indicate in the application form their order of preference if they wish to compete for more than one Service. Due consideration will be given to the preferences expressed by a candidate at the time of his application, but the Government of India reserves power to assign him to any Service or branch of Service taking into consideration the vacancies available in each Service or branch and the aptitude of the cadet.

NOTE.—Ratings (including boys and artificer apprentices) of the Indian Navy must give the Indian Navy as their first preference.

5. Candidates for admission to this examination must have been born not earlier than the 2nd July 1936 and not later than the 1st January 1939 for the Army and the Indian Air Force and not earlier than the 2nd January 1937 and not later than the 1st January 1939 for the Indian Navy.

Ratings (including boys and artificer apprentices) of the Indian Navy born between 2nd July 1936 and 1st January 1939 will also be eligible to compete.

The prescribed age limits can in no case be relaxed.

6. A candidate must be an unmarried male and must either be—
- (a) citizen of India, or
 - (b) a subject of Sikkim, or
 - (c) a person who has migrated from Pakistan with the intention of permanently settling down in India, or
 - (d) a subject of Nepal or of a Portuguese or French possession in India.

NOTE 1.—The appointment of candidates in categories (c) and (d) above will be subject to the issue of certificates of eligibility in their favour by the Government of India. Certificates of eligibility will not however be necessary in the case of candidates belonging to any of the following categories:—

- (1) Persons who migrated to India from Pakistan before 19th July 1948 and have ordinarily been resident in India since then;
- (2) Persons who migrated to India from Pakistan after 18th July 1948 but before 30th September 1948 and had got themselves registered as citizens within the time allowed;
- (3) Gurkha subjects of Nepal; and
- (4) Non-citizens who entered service under the Union before the commencement of the Constitution, viz., 26th January 1950, and who have continued in such service since then. Any such person who re-entered or may re-enter such service with a break, after the 26th January 1950, will however require certificates of eligibility in the usual way.

NOTE 2.—A widower or a person who has divorced his wife cannot be treated as an unmarried male for the purpose of the above rule.

7. Candidates should be medically fit in all respects. A number of qualified candidates are rejected subsequently on medical grounds. Candidates are, therefore, advised in their own interest to get themselves medically examined before submitting their applications, to avoid disappointment at the final stage. The development of the candidate should be such that by the time he attains the age of 17, he will reach the standards of medical fitness shown in the Appendix.

A sufficient number of suitable candidates recommended by the Services Selection Board will be medically examined by a Board of Service Doctors. No candidate not passed as fit by the Medical Board will be admitted to the Academy. The mere fact that the medical examination has been carried out by a Board of Service Doctors will not mean or imply that the candidate has been finally selected.

8. Candidates must undertake not to marry until they complete their full training at the Joint Services Wing and later on at the parent Service Establishment. A candidate who marries subsequent to the date of his application, though successful at the ensuring or any subsequent examination will not be selected for training and a candidate who marries while under training shall be discharged and will be liable to refund all expenditure incurred on him by the Government.

10. A candidate must satisfy the Union Public Service Commission and the appointing authority that he is suitable in all respects for admission to the Academy.

11. The decision of the Union Public Service Commission as to the eligibility or otherwise of a candidate shall be final.

12. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Union Public Service Commission.

13. Any attempt on the part of a candidate or his relatives/friends to enlist support for his application will disqualify him for admission.

14. The maximum number of candidates to be admitted to the examination may, at the discretion of the Commission, be limited to such number as the Commission may decide. If a limit is imposed and the number of candidates exceeds that limit, the Union Public Service Commission shall select from among the applicants those who shall be admitted to the examination and shall have regard in so doing to the suitability of the applicants for admission to the Academy.

15. (A) The examination will include the following subjects and the maximum number of marks obtainable for each subject is as follows:—

	Maximum marks
1. English	300
2. General Knowledge and Current Affairs	300
3. Mathematics—I	150
4. Mathematics—II	150

In order to qualify in the written examination, candidates must obtain 40 per cent. of the aggregate marks with 33½ per cent. in each subject, Mathematics I and Mathematics II being reckoned as one subject for this purpose.

The Union Public Service Commission may, after considering the results of the written examination, alter the percentages of qualifying marks for any or all of the Services if they consider it necessary to do so.

(B) The maximum number of marks obtainable at the Services Selection Board interview will be 900. In order to qualify in the interview candidates must obtain not less than 360 marks.

16. From the marks assigned to candidates in each subject such deduction will be made as the Union Public Service Commission may consider necessary in order to secure that no credit is allowed for merely superficial knowledge.

17. Deductions for handwriting which is difficult to read will be made upto 20 per cent. of the maximum marks for the written subjects. In English, and in every other subject, deductions for bad English spelling will be made upto 10 per cent. of the maximum marks.

18. The Union Public Service Commission shall prepare a list of candidates in order of their merit as disclosed by the aggregate marks awarded to each candidate at the written examination. The candidates who obtain qualifying marks at the written examination shall appear before a Services Selection Board. Candidates to be finally selected should secure the minimum qualifying marks both at the written examination and the Services Selection Board interview. Subject to this condition, they will then be placed in the order of merit on the basis of total marks secured. The final selection for admission to the Academy will be made in the order of merit depending on the number of vacancies for each course.

Candidates will appear before the Services Selection Boards, and undergo the tests thereat, at their own risk and will not be entitled to claim any compensation or other relief from Government in respect of any injury which they may sustain in the course of or as a result of any of the tests given to them at a Services Selection Board, whether due to the negligence of any person or otherwise. Parents or guardians of the candidates will be required to sign a certificate to this effect on the form appended to the application. Candidates when called up for interview by a Services Selection Board or for subsequent training will be eligible for T.A. in accordance with the rules then in force. Candidates who have previously been before a Services Selection Board for the same type of commission are not entitled to T.A. on subsequent occasions.

19. Candidates finally selected will undergo a two years course at the Joint Services Wing of the National Defence Academy. After the first two years training the successful candidates will undergo further specialised training for the Service for which they may be selected. The cadets for the Army receive their advanced training at the Military Wing of the Academy, while those for the Indian Air Force are sent to the Air Force Academy. Cadets for the Indian Navy who are assigned to the Executive, and Supply and Secretariat Branches will undergo training for one year more at the Joint Services Wing itself, and on successful completion of this training they will go to Naval Training Ships/Establishments in India for further training. Cadets assigned to the Engineering and Electrical Branches of the Indian Navy will leave the Academy on the conclusion of two years training at the Joint Services Wing. They will be appointed to a Naval Establishment in preparation of going to the U.K. for further training with the Royal Navy. While at the National Defence Academy, cadets will be subject to the discipline of the Academy.

20. Before the candidate joins the Academy, the parent or guardian will be required to sign:—

- (a) a certificate to the effect that he fully understands that he or his son/ward shall not be entitled to claim any compensation or other relief from the

Government in respect of any injury which his son/ward may sustain in the course of or as a result of the training to be undergone by him at the Academy, whether due to the negligence of any person or otherwise;

- (b) a bond to the effect that, if for any reasons considered within the control of the candidate, he wishes to withdraw before the completion of the course, or fails to accept a commission if offered, he will be liable to refund the whole or such portion of the cost of tuition, food, clothing and pay and allowances received, as may be decided upon by Government;
- (c) *a declaration by parents or guardians of candidates selected for the Indian Navy only that they are in a position and will be prepared to discharge the financial obligations attaching to the candidates' further training if this is done in the U.K. on completion of the preliminary training at the Joint Services Wing of the National Defence Academy.

21. The cost of training including accommodation, books, uniforms, boarding and medical treatment will be borne by the Government. Parents or guardians of cadets will, however, be required to meet their pocket and other private expenses. Normally these expenses are not likely to exceed Rs. 30 p.m. Where cadets' parents or guardians are unable to meet wholly or partly even this expenditure, financial assistance upto Rs. 30 p.m. may be granted by the Government. No cadet whose parent or guardian has an income of Rs. 300 p.m. or above would be eligible for the grant of the financial assistance.

A candidate desirous of securing financial assistance should, immediately after his final selection, submit an application through the District Magistrate of his District, who will, with his recommendation forward the application to the Ministry of Defence, Government of India.

This does not apply in the case of persons who can be exempted from payment of fee under the Rules for a particular examination.

(h) Certificate of age.

(a) The only proof of age ordinarily accepted by the Commission is the age or date of birth entered in the Matriculation or High School Certificate or in the Secondary School Leaving Certificate or in a certificate recognized by an Indian University as equivalent to Matriculation or in an extract from a Register of Matriculates maintained by a University, which extract must be verified by the proper authority of the University. The expression "Matriculation Certificate" in this part of the instructions must be understood as including these alternative certificates. This certificate must be sent with the application in original.

If a Matriculation or equivalent certificate does not give the exact date of birth the candidate must send in addition to the Matriculation or equivalent Certificate, a certificate (in original) from the Headmaster of the High School which he first attended showing the date of birth or his exact age as recorded at the time of his admission to the school. An Anglo-Indian or an Indian Christian may send his original Baptismal or Birth Registration Certificate instead of the Headmaster's certificate.

A candidate who has passed the Matriculation or equivalent examination as a private student must submit in addition to the Matriculation or equivalent certificate a certificate from the Headmaster of the school which he first attended showing the date of his birth or his exact age as recorded in the school admission register. If no school was ever attended a certified extract from the Municipal Birth Register relating to himself or some other convincing proof in support of the age stated in the Matriculation Certificate should be submitted. The application of a private student who can produce no satisfactory evidence in support of the age stated in his Matriculation or equivalent certificate may be rejected.

If the Matriculation or equivalent certificate has not been issued to a candidate, he should submit along with his application an age certificate from the Headmaster of the School from where he appeared in the Matriculation or equivalent Examination. Such a candidate will be required to submit his original Matriculation or equivalent Certificate before he is admitted to the National Defence Academy. He will be disqualified if later on it is found that the date of birth claimed by him in the application differs from that entered in his Matriculation or equivalent certificate unless the discrepancy is explained to the satisfaction of the Union Public Service Commission.

NOTE 1.—A transfer certificate from a school or college will not be accepted as evidence of age.

NOTE 2.—The age and nationality certificate issued by some State authorities is not required.

NOTE 3.—Displaced persons who have lost their original Matriculation Certificates in Pakistan should obtain duplicate certificate from the University concerned. If they are unable to obtain the duplicate Matriculation Certificate from the University, they should submit an extract from the University Gazette in which their results were published showing their date of birth and certified by the Registrar or the Headmaster.

NOTE 4.—Ordinarily the Commission do not accept a date of birth other than that proved or supported by the Matriculation Certificate. If they do so they require not only convincing proof of the date claimed but also a satisfactory explanation of the incorrect entry in the Matriculation Certificate. When once a date of birth has been claimed and accepted by the Commission for the purpose of admission to an examination, no change will be allowed at a subsequent examination. Candidates who wish to challenge the entry of their age in a Matriculation Certificate,

must do so at the first opportunity. In such cases a candidate must send direct to the Union Public Service Commission all the evidence on which he bases his claims as soon as he has submitted his application.

(b) Candidates from the P. W. M. College, Dehra Dun, and K. G. Schools must submit a certificate of age from the Principal of the College/School and no other certificate as evidence of age will be required.

(iii) Certificate of educational qualifications. A certificate or diploma in original showing that the candidate has one of the qualifications prescribed for the examination. The certificate submitted must be one issued by the authority (i.e., University or other examining body) awarding the particular qualification. If such a certificate or diploma is not submitted the candidate must explain its absence and submit such other evidence (in original) as he can to support his claim to the requisite qualifications. The Commission will consider this evidence on its merits but do not bind themselves to accept it as sufficient.

NOTE 1.—Candidates who have appeared or intend to appear at a qualifying examination may also apply for admission to this examination. The applications of such candidates will be accepted provisionally and the successful ones at this examination will be required to furnish proof of their having passed that examination as soon as possible and in any case before they join the National Defence Academy, if finally selected.

NOTE 2.—Students of Public Schools or of Schools which prepare Students specially for Cambridge School Certificate Examination who are due to appear at Cambridge School Certificate Examination to be held in December 1953 should submit a Certificate from the Headmaster/Principal of the School that they are due to appear at the Cambridge School Certificate Examination in December 1953 and that they have attained the Matriculation Standard of education.

NOTE 3.—Candidates from the P.W.M. College should submit a certificate from the Principal to the effect that they have reached a 'Matriculation Pass' Standard of education.

NOTE 4.—In exceptional case, a candidate who has been prevented from obtaining a Matriculation Certificate or its equivalent for reasons beyond his control may at the discretion of the Union Public Service Commission be admitted to the examination provided he produces a certificate from a Gazetted Officer of the Central or State Government or a Principal or Headmaster specifying the situation where he studied up to the Matric class, the University or Board which was holding the Matriculation Examination, whether admission certificate was issued to him and the reasons which prevented him from taking the examination.

(6) Candidates may be required at the interview by the Services Selection Board to produce the original of any documents of which copies have been submitted.

(7) Copies of the Certificates mentioned in paragraph (5) (i) and (ii) above should also be submitted along with the original. If the Candidate has already submitted any of these certificates in connection with another examination conducted by the Union Public Service Commission and if it has not yet been returned to him he should mention the fact when submitting his application and, if possible, enclose a copy of the certificate. If the certificate is not with the Commission, it should be sent with the application irrespective of whether the candidate appeared at a previous examination conducted by the Commission or not. If any certificate cannot be submitted with the application a reasonable explanation of its absence must be given.

Candidates are advised to keep attested copies of their original certificates with them before submitting them to the Union Public Service Commission, as the Commission cannot undertake to return the original certificates until orders are passed on their applications, nor can they undertake to supply attested copies to candidates.

NOTE.—Certificates other than those mentioned in paragraph 5 (i) and (ii) above will not be returned.

(8) The fact that an application form has been supplied on a particular date will not be accepted as an excuse for the late submission of application or an evidence of the receiver's eligibility to compete.

(9) Every candidate for admission to the examination will be informed at the earliest possible date of the result of his application. It is not possible for the Union Public Service Commission, however, to say when that result will be communicated.

All returnable certificates or papers will be returned when the result of his application is communicated to the candidate.

(10) Candidates must make arrangements to see that communications addressed to them at the address stated in their applications are redirected, if necessary. Also any change of address should be communicated at once to the Secretary, Union Public Service Commission. If a change of address has taken place after the examination, it should also be notified to Army Headquarters, A.G.'s Branch, SP 2(a), Defence Headquarters, P.O., New Delhi—11. Although the authorities make every effort to take account of changes in candidates' addresses, they cannot accept any responsibility in the matter.

PHYSICAL STANDARDS FOR ADMISSION TO NATIONAL DEFENCE ACADEMY (JOINT SERVICES WING)

(a) Army—

To be passed as fit for a commission in the Regular Army a candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with the efficient performance of military duty.

The minimum acceptable height for a candidate is 62 inches, except in the case of Gorkha, Nepalese, Assamese and Garhwali candidates in whose cases the height in correlation table may be reduced by 2".

The co-relation of age, height, chest girth and weight will not be less than those given in the following table:—

Age last birthday	Height without shoes	Chest		Weight	
		Girth when fully expanded	Range of expansion not less than	Minimum	Maximum
	Inches	Inches	Inches	Lbs.	Lbs.
Years	62 and under 65	33	2	96	121
	65 and under 68	33½	2	106	131
17 to 18	68 and under 72	34	2	116	141
	72 and upwards	34	2	126	..

The standards for height, chest and weight measurements may be relaxed at the discretion of the Board keeping in view the age of the candidate.

NOTES (1).—The candidate's height will be measured as follows:—

He will be placed against the standard with his feet together, and the weight thrown on the heels and not on the toes or outer sides of the feet. He will stand erect without rigidity and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters.

(2) The candidate's chest will be measured as follows:—

He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the interior angles of the shoulder-blades behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times and the maximum expansion of the chest will be carefully noted.

The minimum and maximum will then be recorded thus in inches $\frac{38}{85} \frac{33}{36}$ etc.

In recording the measurements, fractions of less than half an inch should not be noted.

(3) The candidate will also be weighed, and his weight recorded in pounds. Fractions of a pound should not be noted.

(4) The visual acuity of every candidate will be assessed under one of the three standards detailed below; standard III represents the minimum consonant with fitness for acceptance. The examination for determining the acuteness of vision includes two tests; one for distant the other for near vision. The Army test types will be used for the test for distant vision, without glasses at a distance of 20 feet, and for the test for near vision without glasses at any distance selected by the candidate.

<i>Right eye</i>	STANDARD I	<i>Left eye</i>
Distant vision—V 6/6		V 6/6
Near vision—Reads 0,6		Reads 0,7
<i>Better eye</i>	STANDARD II	<i>Worse eye</i>
Distant vision—V 6/6	V; without glasses—not below 6/60 and after correction with glasses—not below 6/24.	
Near vision Reads 0;6	Reads 1.	
<i>Better eye</i>	STANDARD III	<i>Worse eye</i>
Distant vision—V, without glasses not below 6/60; and after correction with glasses—not below 6/6	V, without glasses—not below 6/60 and after correction with glasses—not below 6/24.	
Near vision—Reads 0,8	Reads 1.	

Each eye must have a full field of vision as tested by hand movements.

Squint or any morbid condition of the eyes or of the lids of either eye liable to the risk of aggravation or recurrence will cause rejection of the candidate.

Unresolved trachoma or trachoma with complications will be a cause for rejection.

Each eye will be examined separately and the lids kept wide open during the test.

Inability to distinguish the principal colours will not be regarded as cause for rejection but the fact will be noted in the proceedings and the candidate informed.

The degree of acuteness of vision of all candidates for Commission will be entered in the proceedings in the following manner:—

V.R.=..... with glasses=.....

Reads.....

..... with glasses=.....

Reads.....

No relaxation of the standard of vision will be allowed.

- (3) If there is atrophy to such an extent that the affected testicle is estimated at less than half of the bulk of gland on the sound side.
- (4) Undescended testicle should only be considered a disqualification when situated within the inguinal canal, or at the external ring.

- (l) Albuminuria; unless there is clear evidence to eliminate impaired renal function.
- (m) Glycosuria, unless a satisfactory report on a sugar tolerance test is produced.
- (n) Hydrocele, or other serious defect or malformation of the genital organs.

The Government will accept no liability regarding the result of the operation or any expense incurred.

2. *Teeth*.—(a) A candidate must have sufficient number of teeth in order to enable him to masticate efficiently and on no account will he be accepted if he requires artificial dentures for efficient mastication.

4. *Height and Weight*.—A table showing required physical equivalents is given below. Range of expansion of chest in all cases is to be a minimum of 2 inches (Height and weight for men fully stripped).

Age period	15	16—17
